

Dear Waterview Farms Neighbors,

First the Reservoir and Dam www.milltownreservoir.com

Now the East Goshen Board of Supervisors only wants to maintain the bridge surface of the Locksley Covered Bridge on Glenbrook Lane.

Attached is the Board of Supervisors Agenda for Wednesday, May 27, 2015 and Glenbrook Lane Covered Bridge topic for discussion.

Also attached is the East Goshen Township Board of Supervisors Draft Meeting Minutes from May 27, 2015 that relate to the Covered Bridge.

One of the agenda items at the Board of Supervisors meeting at 7:00pm Tuesday, June 16, 2015 is to approve the Draft Minutes.

Please show your support and attend this meeting and have the Board of Supervisors explain their rational why they do not want to maintain the deeded Covered Bridge. Let's have them table the approval of the Draft Minutes so we may discuss an amicable resolution to save the bridge.

The township building is located at:

1580 Paoli Pike
West Chester, PA 19380

Save the Covered Bridge!
